THE BUILDING

# The headquarters your business deserves.

300 Park Boulevard is 220,070 square feet of Class A office in Hamilton Lakes — and the building Hamilton Partners calls home. The firm's headquarters has operated here for decades, two floors from its tenants.

Floor plates run 40,000 square feet across two wings joined at a lakeside link — the largest plates in the park — with underground parking below and building signage available above.

Leasing, engineering, property management and ownership all work in the building. When something needs an answer, the decision is an elevator ride away.

Six suites are available today, from a one-office suite to 5,190 square feet on the third floor.

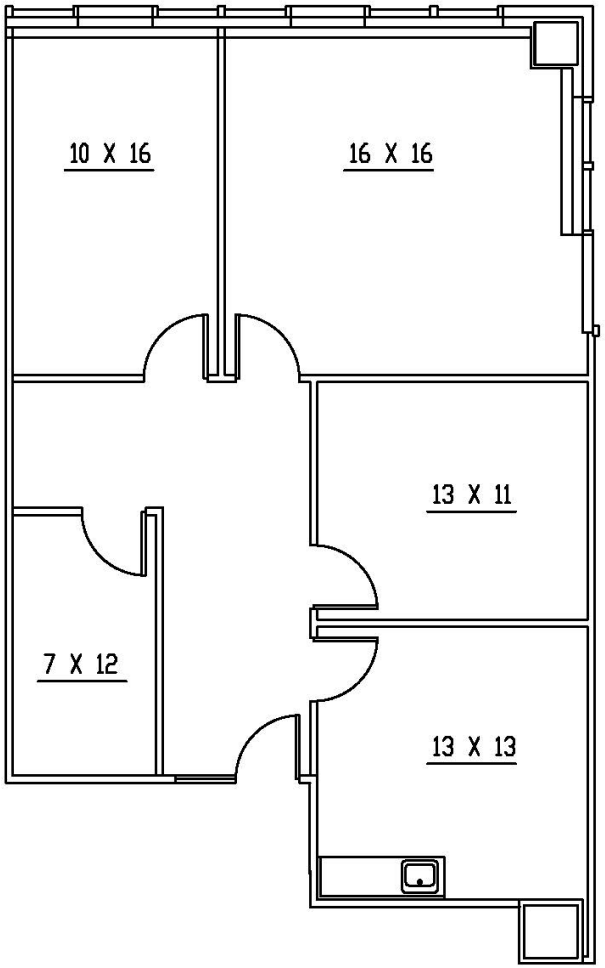

Every suite is offered turnkey: Hamilton Partners designs and builds the space with its own construction group, on terms set to the deal rather than to a rate card — and the landlord works upstairs.
